VELLA

VELLA

DESCRIPTION

The new Vella series is a dynamic family of luminaires designed to be completely adjustable via two independently swiveling louvers, inviting the user to sculpt light and shadow. Vella's sweeping curved aluminum form subtly captures and releases light from within to wash wall and floor, creating just the right mood in any room. The lamp employs state-of-the-art, warm-white LED technology, with full range dimming capabilities. Both sophisticated and playful, Vella is suited to perfectly complement all indoor environments.

DESIGNER

John August 2016

MATERIALS

- Aluminum body
- Acrylic diffuser
- Steel base
- Fabric cord

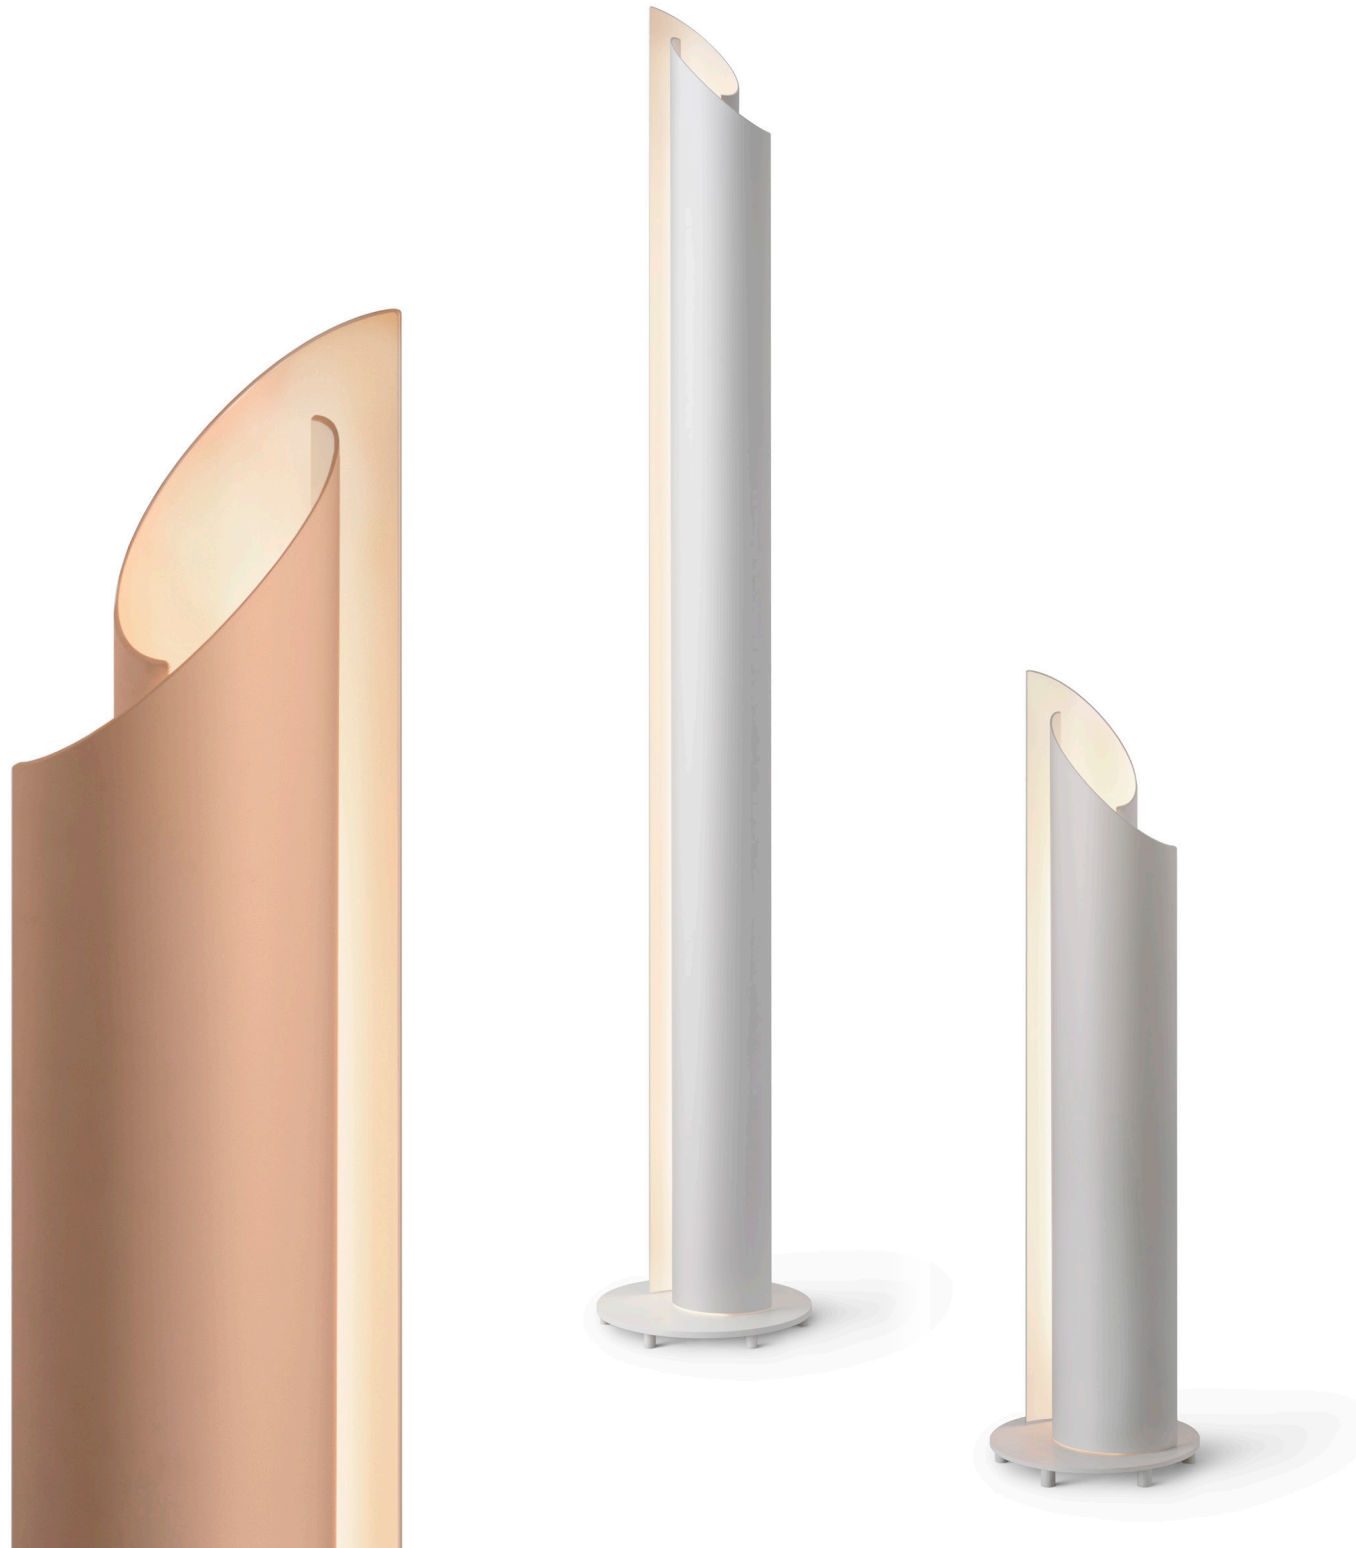

FEATURES

- 360° shade rotation
- 2 independently movable louvers
- Adjustable leveling feet

SPECIFICATIONS

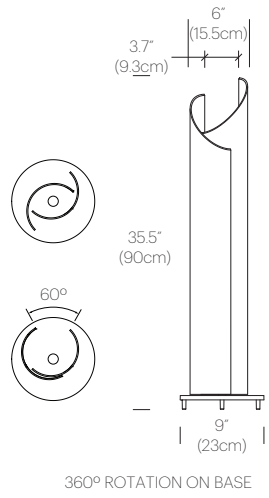

- Voltage: 120V or 220V 60Hz
- Power consumption: 12.5W (T), 20W (F)
- Color temperature: 2700K
- Luminosity: 1050 lumens (T), 1600 lumens (F)
- Luminaire efficacy: 84 Lumens/Watt (T)
80 Lumens/Watt (F)
- Weight: 16.5 lbs. (9.2 kg) (T)
36.4 lbs. (16.5 kg) (F)
- Power cord length: 6' (183cm)
- Certifications: ETL, CE, PSE, RoHS
