

BOLA DISC PENDANT

CLASSIC FINISHES

DESCRIPTION

Bola Disc is a uniquely expressive LED lighting system featuring chromated disc reflectors that create an illusion of weightlessness by mirroring their surroundings. An opaline glass globe is paired with polished stainless steel or aluminum discs in chrome, brass, rose gold, gunmetal, matte white, and matte black, delivering a refined, highly reflective surface expression. Fully dimmable, Bola provides warm, ambient illumination and can be configured across flush mount, pendant, multi-drop, linear, and chandelier typologies for residential, contract, and hospitality settings.
